Wonderful Orchard Bargains for April Planting

April is the Biggest and Best Planting Month of the Year. Grasp These Unequalled Opportunities to Get Your Trees at a Saving of 50 to 75%.

NEVER before have you had a chance to get high quality trees and plants at such a remarkable saving. These values are made possible only by our plan of cutting out the old round-about way of doing business—the four profit plan—saving you jobber's, dealer's and agent's expenses and profits. **Planters Trees are sold by the million straight to the farmer and fruit-grower.**

You not only save all these commissions and expenses, and the cost of printing and mailing big costly catalogs, but **guaranteed stock fresh** from the nursery—sturdy, healthy, big rooted trees that will grow and bear true to name. The Planters plan not only lowers the price, but it raises the quality. Compare the stock we send you with trees that have cost you two to four times as much. If Planters stock isn't as good as you think it ought to be, it won't cost you a cent. Our big, broad guarantee makes you the judge—brings your money back if you are not completely satisfied.

You have plenty of time yet, if you set Planters trees. We ship and guarantee trees to reach you in good plant-

ing condition until the last of May. No matter how far your season is advanced—even if trees are in full leaf—you can safely plant our trees. We insure them to reach you in the right condition to grow.

But April is the big planting month. The earlier you plant the better, so make out your order and mail it today. Remember the Planters Guarantee. You take no risk whatever. If you're not more than satisfied with the trees we send you—if they don't arrive in first-class condition, we will refund every cent including transportation charges.

Selections Made Especially for Your Locality

Let Us Pick the Best Varieties for You

I know a fourteen year old orchard of 2800 apple trees that would make five times as much money for the owner if he had only selected right varieties. Thousands of orchards are yielding no profit or have proved total failures because wrong varieties were planted. If you're not sure what's best for **your** locality, let us help you. In the following offers, we'll select the kinds that you can depend on—the tried and proven sorts for your section. You'll be sure of getting varieties that will grow and bear good crops of fruit every favorable year. There's no charge for this service—you get the same low prices as on our other collections. In ordering these assortments, tell us whether you wish early, medium, or late varieties; also whether you're planting a home orchard or for market.

Early Wonder Peach

	Each	10	100
3 to 4 ft.	\$.040	\$4.00	
4 to 5 ft.	.50	5.00	

Think of one tree producing a peck of peaches 16 months after planting—two bushels the second year. That's what one planter reports from the astonishing Early Wonder. The marvel of every fruit-grower. Hardy, bears loads of luscious, red peaches every year. Tested and proven from Massachusetts to Texas. Ripens in July when good peaches are scarce. Best early peach for canning and market. You wouldn't take \$5.00 a tree when they start to bear.

PEARS

Anjou, Bartlett, Seckle, Duchess, Clapp's Favorite and other leading sorts.

	Each	10	100
1 year 3 to 4 ft.	.18	1.60	14.00

Read What These Planters Say

Best in Five—The trees arrived in good shape. I had to open the box to show the people the trees before I left town. They all thought I would be stung ordering trees by mail order, but they all left and said I had as good trees as ever shipped in. My neighbors came to see them and they were all satisfied. I have ordered from five other nurseries, but yours is doing better than any of the others. I am proud of the way they are growing.—P. I. Nelson, Kansas.

Sure Saved Commission—I was well pleased with the trees received from you. The trees and grape vines were of good quality and the prices for same were reasonable. The agent's commission was certainly cut out.—W. N. Oles, Kansas.

Trees Well Packed—Trees received in fine condition. They are the best value for the money in fruit trees ever received, also were well packed. Will recommend your nursery to my friends.—F. W. Pearson, Texas.

Better Roots—Your trees arrived in good shape, every one looked as if it would grow. I am much pleased with them as they have better roots than any we have got from local nurseries. Will speak a good word for you at any time.—F. F. Ellerbeck, Kansas.

Saves Over Half—The trees I received of you are just fine. They are all growing—everyone of them. Will recommend you to anyone wanting trees, and the cost is hardly half what agents charge for inferior stock.—H. G. Loveland, Kansas.

Our Positive Guarantee

We guarantee all trees and plants absolutely true to name. We guarantee safe delivery, quality and satisfaction. We take all the risk of pleasing you. If you don't find the stock exactly as described—if you don't find it equal to or better than trees costing from two to five times as much, you may have your money back, including all transportation charges. You are to be the judge. Certificate of health with each shipment.

Terms. Cash with order. If more convenient, one-fourth cash may be sent with order, balance to be paid on arrival of shipment.

Prices. We allow the 100 rate on 50 or more trees of a kind, as 50 apple or peach, not less than 10 of a variety. Less than 10 of a variety take the each rate. In buying small fruits, 500 of one variety take the 1000 rate.

Free Packing. We make no extra charge for packing, drayage, etc.

Freight or Express. With the exception of strawberries which are sent prepaid, all prices are f. o. b. Winfield, customer paying freight or express. We have good

service in all directions. Trees and plants take special freight or express rates. It will be a small item compared to the saving you make. Orders up to 35 pounds will go by express as cheap as freight. 3 to 5 foot trees average $\frac{1}{2}$ to 1 pound each; 5 to 6 foot trees, 2 to 3 pounds each, packed for shipment.

Our Reliability. Our announcements are appearing in many of the leading farm and fruit papers, who publish only guaranteed advertisements. If you have any doubt about getting a square deal from the Planters Nursery, write to any of these publishers, or the Cowley County National Bank, Winfield, Kansas.

Keiffer Pear—the Money Maker

Plant pears that resist blight. That's why you want Keiffer, the most widely planted and dependable variety. Fruit is extra large, rich golden yellow with red cheek, juicy, brittle, good quality, fine aroma. Bears very young, yields enormous crops every year. Tree is strong and vigorous, easy to grow, successful where other varieties have died from drouth and blight. Fine shipper and excellent keeper, the surest and best variety for the middle west. A good Keiffer orchard is always a money maker. People would buy ten times as many pears if they could get them. Now is the time to plant. Prices lower than ever before. You will never see finer grown trees than these; smooth bodies, splendid roots, perfect in every respect. You have never had a chance like this to start a pear orchard.
